

LIGHT BUFFET

At Le Munch we understand that this is often a difficult time and there are a lot of arrangements and decisions to be made.

We are happy to advise and assist with the catering arrangements - from helping with determining quantities (not always easy when the number of guests is unknown) to providing a fully catered solution with staff and equipment.

We offer a choice of freshly prepared food, beautifully presented on platters. We can deliver to your venue at a convenient time, or you may prefer us to set up, serve refreshments and do all the clearing away for you.

Whether you are planning light refreshments or a finger or a fork buffet, Le Munch can help with your catering arrangements.

All our finger buffets include the choice of china or disposable plates and napkins.

All buffets include vegetarian choices and gluten/wheat free options are available on request.

Here are some suggested menus. We are happy to customise these to suit your requirements.

Some of our products may contain allergens – please check with staff.

This is ideal if light refreshments only are required.

- Mixed Sandwiches selection – a variety of freshly prepared finger sandwiches including meat, fish and vegetarian fillings. These are freshly prepared on white and wholemeal bread.

- A selection sliced cakes – a wide choice is available – for example - Dorset Apple, Chocolate Fudge, Edwardian Fruit and Coffee and Walnut.
